HOLLAND EXALTED RULER

Texas the Theme at Banquet to Newspaper Men.

Dallas, July 14.—One of the most elaborate banquets was given in this city was tendered Tuesday night to the editors attending the Elks' reunion and grand lodge convention. Covers were laid for nearly 300 members of the fourth estate. The affair was held in the cafe of the St. George hotel.

Texas was the theme. Nearly all responses to toasts were complimentary to the Lone Star state and her varied industries, fertile soil, diversified products.

Many of the visiting journalists came from a long journey. On the press register in the Southland hotel, W. Stanley Hanson of the Morning Tribune, Tampa, Fla., inscribed his name. Hardly had the ink dried when L. S. Keller of the Daily Alaskan, Shagway, Alaska, affixed his signature. Next in order came A. D. Robert of the Evening Call, Woonsocket, R. I., followed by H. A. Barsolon of the same publication.

The feast, which was termed by the arrangements committee, a pink tea, commenced at 10:30 o'clock and it was far into the wee sma' hours when the banquet board was deserted.

Hundreds of visitors arrived all day Tuesday and the streets present an animating scene day and night.

There are more Pullman cars parked at Dallas than was before in the history of the city.

Bands almost continually parade, followed by members of various lodges arrayed in striking costumes or natty suits. Hundreds of elegantly gowned ladies are also in attendance.

At the first business meeting of the grand lodge the following officers were elected:

Grand Exalted Ruler—R. L. Holland of Colorado Springs, Colo.

Grand Esteemed Leading Knight—J. J. Shea of Hartford, Conn.

Grand Secretary—Fred Robinson of Duhueque, Ia., re-elected.

Grand Trustee—A. T. Holley of Hackensack, N. J.

Grand Treasurer—Edward Leach of New York City, re-elected.

Tiler—C. L. Decker of Minnesota.

McCarty Returns to Penitentiary.

Chicago, July 14.—William McCarty has returned to Michigan City, Ind., to voluntarily serve his fourteen years' sentence for breaking a parole. McCarty was originally sentenced for robbery from two to fifteen years. He was paroled, he violated it by getting drunk and fled to Washington. He earned money for his own transportation. He declares that notwithstanding he faces a long term he is very happy. When he leaves the prison, he says, he can hold up his head and know he is honest. He was converted by the Salvation Army.

All in all, however, the affair was most pleasurable and the citizens of that section who acted as hosts acquitted themselves and their community very creditably.

CUTS WIFE'S THROAT.

Husband Then Slashes Himself and Both Expire.

McKinney, Tex., July 14.—Bob Wright aged about thirty-two years, killed his wife, aged about twenty-five years and himself at their home, four miles west of town, Tuesday by slashing their throats with a razor.

When discovered the wife was lying face downward on the floor dead, with her windpipe severed and the husband with several gashes in his throat was wandering about the house begging for some one to kill him.

His wounds soon proved fatal.

The couple are survived by a three year old child, who was found sitting on the bed near which its dead mother was lying indulging in childish prattle.

Mrs. Nation Creates Sensation.

Chicago, July 14.—Mrs. Carry A. Nation, en route to the Prohibition convention at Columbus, O., created a sensation in the Pompeian room at the Auditorium Annex. As she was leaving the hotel she wandered into the Pompeian room, where men, women were dining and drinking. She preached a sermon on the evils of drinking. Before she could become violent a detective led her outside. Most of the diners left, however, fearing she would return.

FIRE.

The residence of C. M. Spell was destroyed this morning at 4:30 o'clock by fire.

THE ALEXANDER PICNIC.

Affair Was a Success Although Rain in the Afternoon Interfered With Speaking.

Complete success crowned the efforts of those who were responsible for the picnic given yesterday at Alexander. A representative crowd was present and the entertainment prepared for their enjoyment, the addresses and the dinner, the menu of which embraced many palatable viands, all prepared in the most tempting style of the art of cuisine, were keenly relished. In addition to others present there was quite a large contingent of candidates on the ground, but rain in the afternoon interfered with the schedule of speaking, which curtailed considerably an interesting feature of the day. In the forenoon W. T. Young addressed the people and W. C. Davis spoke in the afternoon, but here the heavy downpour prohibited further talking and others were denied the pleasure of entertaining the assemblage in this manner.

All in all, however, the affair was most pleasurable and the citizens of that section who acted as hosts acquitted themselves and their community very creditably.

CONFESSES CRIMES.

Young Greek Admits Blowing Up Houses.

Lincoln, Neb., July 14.—The first formal work of the Democratic campaign taken up here Tuesday when members of the national committee called on W. J. Bryan and J. W. Kern at the Bryan home. The committee-men were met by a reception committee headed by John T. Kent and taken to Fairview by special trolley cars.

The party arrived at Fairview at 10 o'clock. Rain threatened and they lost no time in making their way to the Bryan home.

The national committeemen present were: Mack, New York; Taggart, Indiana; Sullivan, Illinois; Tuck-Coughlin, Massachusetts; Wood, Michigan; Daniels, North Carolina; Greene, Rhode Island; Brady, Oklahoma; Cummings, Connecticut; Donnelly, Idaho; Wade, Iowa; Osborne, Wyoming; Williams, Mississippi; Talbot, Maryland; Kerr, Pennsylvania; Johnson, Texas; Nebeker, Utah; Jones, New Mexico.

It was practically decided that the question of chairman for the Democratic national committee be left to a subcommittee of nine. It is said to be the desire of Mr. Bryan that this subcommittee make a selection inside of two weeks.

The names so far most prominently mentioned for the chairmanship as national committeeman are James, Kentucky; Atwood, Kansas; Lamb, Indiana and D. J. Campau, former member of the committee for Michigan.

While Mr. Bryan believes James to be one of the most capable men in the party, it is said he does not want the place. First and foremost Mr. James is an orator, and his services on the platform will be in great demand during the campaign. He believes the greatest usefulness will be exerted in this direction. Atwood is highly thought of, particularly among westerners, but the eastern sentiment is believed to lie between Lamb and Campau. The latter's wide experience and keen business ability make him a favorite for the place.

Mr. Bryan will be officially notified of his nomination at his home Aug. 13. Mr. Kern will be notified of his nomination at Indianapolis at a date to be determined upon later.

The Democratic national committee in executive session adopted this resolution: No contribution will be accepted from a corporation; No contribution over \$10,000 will be accepted. All contributions over \$100 will be made public Oct. 15. Thereafter immediate publication will be given. Contributions under \$100 will not be published; no money will be received after Nov. 1.

Another resolution requests Democrats all over the country to organize themselves immediately into Democratic clubs to assist the committee in the work of the coming campaign.

William Gonzales, editor of State, of Columbia, South Carolina, and one of Bryan's lieutenants, after a visit with Bryan and Kern Tuesday, said:

"The statement that Mr. Bryan will not make a canvass is incorrect. It is his present purpose, however, to deliver no platform speeches, dealing with more vital issues as presented in the platform. Mr. Kern will make a more continuous campaign, and it was assured at Denver that Towne would be no less active than if he had been the vice presidential nominee."

Mr. Gonzales said campaign contributions will be invited by newspapers in his state and he believed every Democratic paper in the south will do likewise.

JUDICIAL SCORING.

Thought Taft Will Thus Touch on Democratic Platform.

Hot Springs, Va., July 14.—From present indications Taft's letter of acceptance will be a judicial scoring of the Democratic platform adopted at Denver. All day Monday and late into the night Taft's time was devoted to a study of the platforms of the two parties. When he concluded his labors he will not only be an authority on the work of the recent conventions, but on party platforms of the past. Mr. Taft became so thoroughly interested in the study of records that he did not find time to dictate a line of his speech of acceptance.

Tuesday, after his usual morning game of golf, he again dived into the records. He is securing the complete seclusion desired, as there was not a single party to lead here to interrupt his work.

Swung to Sapling.

Middleton, Tenn., July 14.—Hugh Jones, a negro, was strung up to a sapling limb here Tuesday morning by a mob of 100 men at daylight. Jones attempted to assault Miss Ora Yopps, aged seventeen. He was captured at La Grange and was being brought to Middleton by special deputies when the mob appeared and took charge of the prisoner.

"Sane" Fourth of July.

Cleveland, O., July 14.—The city has taken the first steps toward the establishment of a "sane" Fourth of July. Mayor Johnson has extended municipal ownership to all fireworks. An ordinance just passed forbids the sale or discharge of fireworks except by the city. Hereafter the city will buy fireworks and give free exhibitions in the parks on the Fourth.

WORKING PLANS ORDERED . . . FOR ENGINEER BUILDING.

Contract Cannot be let Until After
New Fiscal Year.

College Station, Tex., July 13.—At a meeting of the building committee of the board of directors, held at College Station this week, attended by directors McInnis, Peteet and Green, the preliminary design of Supervising Architect Geisecke for an engineering building was accepted. The committee instructed Prof. Geisecke to at once prepare working drawings and specifications so as to enable the board to advertise for bids for construction as soon as possible. The contract cannot be let until after September 1st. The details of construction and arrangement of the building have been agreed on after conference with President Harrington, Prof. Nagle and Prof. Brown. When completed and equipped the structure will cost \$65,000, the amount appropriated for this purpose by the Thirtieth Legislature. As design it will contain three stories and a basement. The first story will contain the department of electrical engineering, the second story the department of civil engineering, and the third story the department of architectural engineering. Ultimately, when the college has grown in numbers, only one of these departments will be housed in this building.

The design offered by Prof. Geisecke is simple, massive and stately and seems to be a good type to settle upon for future college buildings. Its precise location has as yet not been determined by the directors.

Plans for a new dormitory, to cost \$17,500, to be located at the Prairie View Normal were some time ago adopted by the board of directors.

The complete building will contain thirty-five rooms, including an entire floor of class rooms that make up the first floor. The basement will contain sanitary closets to be connected with the sewer system now being installed under the supervision of Prof. J. C. Nagle. The plans of Prof. Geisecke convert a two and a half story building into one of three stories.

Among the numerous improvements to be begun at College Station this summer are a \$3,000 cottage, located between Prof. Kyle's residence and the depot, two laborers' cottages and a new silo. Not less than 500 tons of silage will be put in for the winter feed of the large dairy herd.—Galveston News.

POLITICS AND POLITICIANS.

The Socialists of North Carolina have nominated a full State ticket, headed by J. A. Transon as the candidate for governor.

Official Washington will greatly miss Representative John Werley Gaines of Tennessee, who has been defeated for renomination.

James H. Whitecotton has withdrawn from the contest for the Democratic nomination for governor of Missouri.

William H. Taft has been invited to speak before the Republican State convention of North Carolina, which is to be held in Charlotte next month.

G. N. Tillman will probably receive the Republican nomination for governor of Tennessee. Mr. Tillman is an advocate of State-wide prohibition.

Missouri will try its new primary election law for the first time next month, when candidates will be named for practically all State and county officers.

It is reported that the Farmers' Union of Oklahoma, with a membership of nearly 100,000, is planning the organization of a new political party, similar to the old-line populists.

The presidential campaign this year is the first of modern times to which the railroads have not contributed from \$750,000 to \$1,500,000 in the form of free transportation for stump speakers and other political workers.

Wisconsin is to have a primary election the first of September. It is to be the first time in the history of the State that United States senators are to be nominated by direct vote of the people.

The controversy among Illinois Republicans candidates as to who shall have their names first on the primary ballot has been settled by the decision that the lists shall be headed by the names of the candidates for renomination.

James M. Guffey, the grim antagonist of William J. Bryan, has been a Democratic leader in Pennsylvania for many years. In addition to being a past master in the game of politics he is the possessor of an immense fortune, which he made for the most part in the oil industry.

The fight for State office bids fair to overshadow the presidential campaign in Indiana this fall. The great battle will be for control of the legislature. If the Republicans win, a great majority of the counties may exercise local option. If the Democrats are victorious, there probably will be no appreciable change in the present laws governing the sale of liquor.

A Kansas man of experience says: "Nearly every unsuccessful man I ever met was a good billiard player." There is a moral in this for the young man who has the wit to profit by it.

The parents or whoever was responsible for naming those twins Bryan and Taft are guilty of unfair discrimination; the one bearing the name of Roosevelt's man Friday will have a heavy load to carry through life. It would be a mercy if he died young, for if he lives he will curse the day of his christening.

MYSTIC SHRINERS IN SESSION.
St. Paul, Minn., July 14.—The twenty-fourth annual session of the imperial council of the Ancient Arabic Order Nobles of the Mystic Shrine opened here today. The feature of the morning was the departure of the imperial council, headed by Imperial Potentate Frank C. Roundy of Chicago, from the headquarters at the Ryan hotel to the Auditorium, where this morning's session of the council was held.

The delegates to the convention were cordially greeted in addresses by Governor John A. Johnson and Mayor Daniel W. Lawler. After further addresses and responses the imperial council went into secret session. Officers will be elected tomorrow. The program of business and entertainment will continue until the end of the week.

WANTED—BIDS ON WOOD.
Sealed bids will be received up to 12 o'clock noon Saturday, July 18th, 1908, for 100 cords of good merchantable wood to be delivered at the city schools by September 1st, 1908.

H. R. RHODES,
JNO. M. LAWRENCE,
Committee.

THE MEANING OF IT.

The Thirtieth legislature enacted a great many new laws, good, bad and different, but this is no excuse for indiscriminate condemnation of all that it did. The courts have wisely decided that some of its less important acts are unconstitutional, and every time such a decision is announced a great shout goes up from the monopolist organs as though the walls of a city of Jericho had fallen. The really important laws, enacted in response to the Democratic platform demands, still stand as impregnable bulwarks to protect the liberties of the people against the raids and assaults of lawless and unscrupulous combinations, who are howling, "Turn Texas loose," so that they can exploit its resources and its people without let or hindrance.

The insidious attempt to deceive the people by a catchy phrase and glittering generalities will not succeed, for they know that it means the destruction of the patient and arduous work of many years. Ever since J. S. Hogg was first elected governor he and his colleagues, the true friends of the people, have been struggling to get certain great reforms crystallized into laws. At least five of these reforms are embodied in acts of the Thirtieth legislature. They are the law forbidding the gambling dens known as bucket shops; the law restraining the capacity of the lobby wolves; the law forbidding politicians and the agents of corporations to ride on free passes at the expense of the common people who buy tickets and pay for them; the law requiring the great insurance companies to invest a part of their Texas earnings in Texas; the law requiring the great corporations to bear their share of the burdens of taxation, thereby lifting an annual burden of \$2,500,000 off the farms and homes of the people.

These are the laws that the organs of monopoly and the agents of corporate greed are seeking to strike down. If the people suffer them to have their will the people deserve to be hewers of wood and drawers of water.

TRIAL TRIP FOR THE MISSISSIPPI.

Washington, D. C., July 14.—The navy department has issued orders for the new battleship Mississippi to leave Newport today, and during the next few days she will have her official trial off the New England coast. The naval experts who accompanied the big warship from the yards of her builders at Philadelphia to Newport are confident that she will be able to fulfill all of her contract conditions.

The Mississippi was built at a cost of about \$6,000,000 and few great battleships now float outclass her. She is a ship of 13,000 tons, with a waterline of 375 feet, 77 feet wide, and with a mean gross draft of 27 feet. Her contract calls for a speed of 17 knots. The Mississippi is a sister ship of the Idaho, which was built by Cramps of Philadelphia.

William H. Taft has been invited to speak before the Republican State convention of North Carolina, which is to be held in Charlotte next month. G. N. Tillman will probably receive the Republican nomination for governor of Tennessee. Mr. Tillman is an advocate of State-wide prohibition.

Missouri will try its new primary election law for the first time next month, when candidates will be named for practically all State and county officers.

DR. MOORE AT COURT HOUSE.

A very attentive audience which comfortably occupied the district court room greeted Dr. Moore of Houston Monday night in a lecture on prohibition. The speaker was presented to the assemblage by Rev. J. B. Turrentine with a few appropriate introductory remarks, after which the theme of his discourse was taken up. Dr. Moore reviewed the question of prohibition at length and cited statistical data of its course up to the present time. Throughout his entire talk he was accorded respectful attention by his hearers.

After Dr. Moore concluded his lecture, Prof. J. H. Allen, in an earnest and impressive appeal, insisted on organizing to promote the submission movement. In response to a proposition, most of the men present pledged themselves to attend a meeting and participate in an organization.

Last night at the courthouse organization of the Brazos county Prohibition Submission club was constituted with the election of Prof. H. W. South as permanent chairman and Joe B. Reed secretary, although the suggestion was made and it will in all likelihood be the case that permanent organization of the body will not be effected until next Sunday evening when Dr. B. F. Riley will address a mass meeting here. Previous to the above action, Prof. John Allen was named as temporary chairman, and that gentleman suggested a line of work which should be taken up in the interests of the prohibition movement and stated in full the object and purpose of the organization. Others present also gave their views and ideas in the matter.

FREE CONCERT FRIDAY NIGHT.

We are requested by the Bohemian Club Band to announce that on Friday night they will give another free open air concert in the city park. The public is cordially invited to attend.

PETITION WAS PRESENTED.

As stated in advance by the Eagle, E. J. Fountain and J. O. Chance left yesterday morning for Caldwell, where they presented to the commissioners' court of Burleson county a petition asking its co-operation in building a river levee. They will return to Bryan today, although at a late hour last evening nothing had been heard as to the outcome of their undertaking.

POISONING WAS SUSPECTED.

Suspicious circumstances in the sudden death of a negro baby on the M. F. Dansby farm, seven miles west of Bryan, yesterday morning, led to belief of the child's poisoning for a short while. Sheriff Nall was made cognizant of the suspicious entertained and accompanied Dr. Harrison to the farm, where a careful examination disclosed the fact that death had resulted from congestion.

SECURED HIS PRISONER.

Sheriff R. M. Nall returned yesterday morning from Temple, where he took in custody Jack Ward, a negro wanted here on a charge of assault with intent to murder. Ward is alleged to have wounded his wife a year ago in this city by discharging both barrels of a shot gun at her and has since that time been at liberty.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else. At least, says Dr. Shoop, and to prove it he has created a little tablet that he calls Dr. Shoop's Headache Tablets. It's a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the natural blood pressure.

Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend

Selection of Chairman Left by National Committee to Subcommittee—Bryanank Kern Called Upon by Number of Democrats.

San Francisco, July 14.—John Claudianus, a Greek, twenty-three years of age, has made a confession to District Attorney Langdon that he is the man who dynamited the residence of James L. Gallagher at Oakland and afterward wrecked with dynamite two houses owned by Gallagher which were unoccupied. Claudianus has been arrested. Gallagher is the former supervisor of San Francisco who testified against Abraham Ruef in the graft cases.

Although John Claudianus confessed to being the actual perpetrator of the crime, he refuses absolutely to divulge to names of the persons who he claims paid his brother \$1,000 for committing the crime.

Treed by Bull.

Philadelphia, July 14.—Treed by a bull for two hours on the farm of Henry Forbes, at Lafayette, while the lightning played pranks in a nearby woods, was the experience of George Warnock and Harry Pickett, both of Manayunk. The young men reached the farm about noon and were told of some fruit which they might gather.

They were not, however, told of the bull, which was pastured in the next field.

Finding the berries more plentiful on the other side of the fence, they climbed over and continued their quest.

Suddenly they were startled by a bellow and looked up to see the infuriated animal coming their way.

Both men ran for the fence, but were unable to reach it, and took refuge in a tree.

The bull held them there for two hours, and in the meantime a terrific thunder storm came up.

Bolts of lightning struck twice in a small patch of woods within 100 feet of them, while they were prisoners of the animal.

BEATEN AND RAPED.

Horrible Treatment That a Young White Girl Received.

Beaumont, July 14.—Ada Belle Hopkins, aged thirteen years, the daughter of a widow, Mrs. A. B. Hopkins, residing on Magnolia avenue, was terribly beaten and outraged by a negro in the woods near her home at 11 o'clock Tuesday morning. The negro escaped but a mob of 1,000 men armed with shotguns, revolvers and rifles began scouring the woods at once. The brute had half an hour's start. The child was horribly beaten about the head and left in an unconscious condition. Her condition is critical. The child was hunting stray horses and the crime was committed within a few hundred yards of her home.

Officers have a general description of the negro and every inch of the territory near the scene of the crime is being searched. Country is a sparse woodland and will be extremely difficult for the negro to escape.
